

Job Title: Intern in digital design

Location: FARI - AI for the Common Good Institute, Cantersteen 16, 1000 Brussels

Duration: Flexible; Starting as soon as possible.

Working Hours: Full-time (On-site)

What is FARI

FARI is a non-profit joint-university institute on AI, data and robotics focused on the Common Good. Initiated by two Brussels universities (VUB & ULB) – we are uniting the interdisciplinary expertise across 10 research groups on AI, data, robotics, social sciences, ethics, and law.

We use Brussels as a laboratory to do research together and build bridges with public administrations, industry, and citizens, promoting urban and sustainable AI, with a focus on urban and public priority domains such as health, mobility, climate and energy, sustainable robotics and participatory & inclusive society.

About the team

The FARI Central support team helps both ULB and VUB researchers in their research and innovation projects, as well as companies and public administrations in the digital transition of society. How will and can AI, Data and Robotics make a difference in making our society more sustainable?
